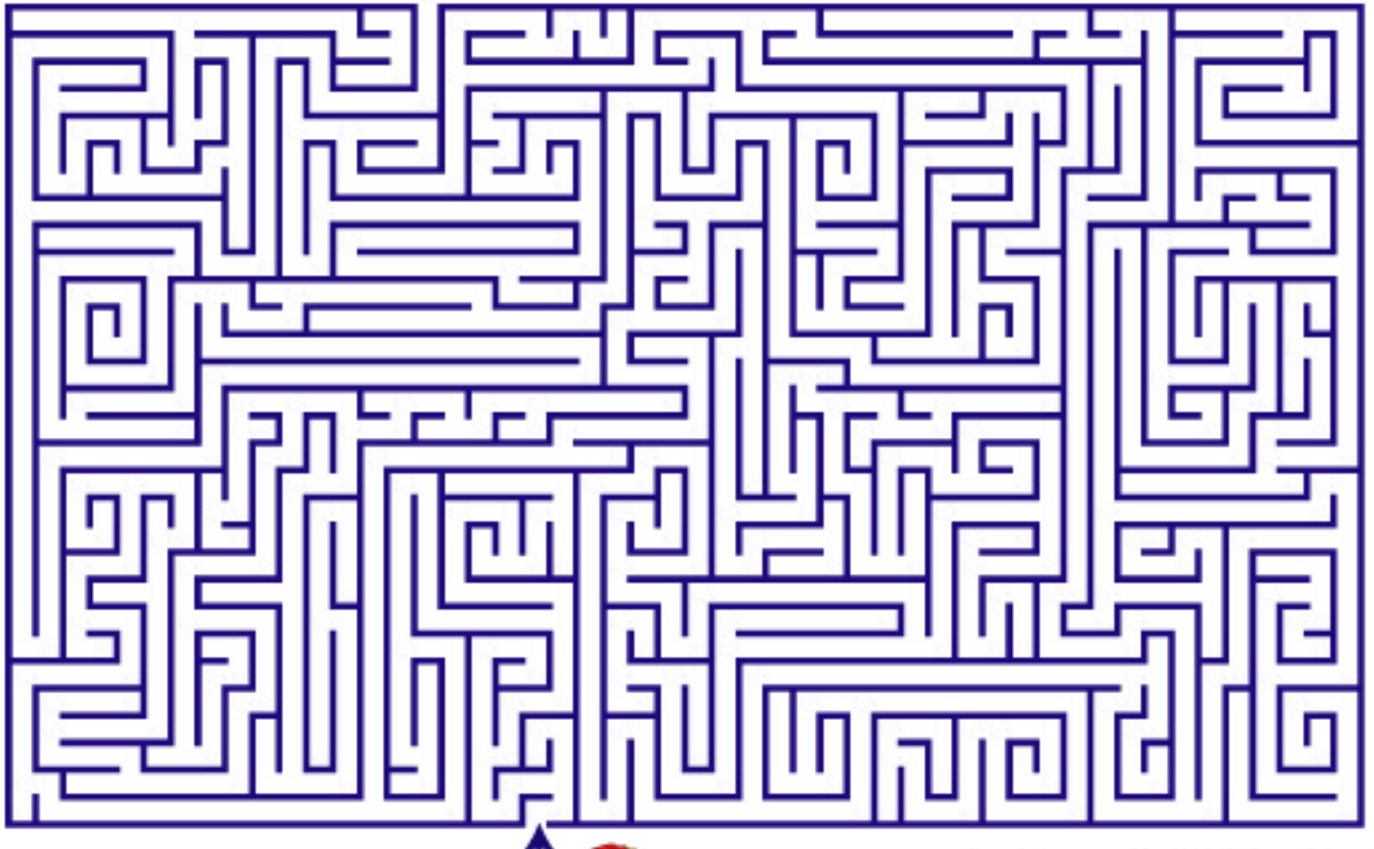
Genesis Maze

Can you guide the helicopter through the maze to snag the sample return capsule?

Start here to guide
the helicopter
to its mid-air capture!



Genesis is managed for NASA's Space Science Division by the Jet Propulsion Laboratory (JPL), a division of the California Institute of Technology (Caltech). Genesis is a collaborative partnership made up of the California Institute of Technology, the Jet Propulsion Laboratory, Lockheed Martin Astronautics, NASA Johnson Space Center, and Los Alamos National Laboratory. The Genesis mission is the fifth chosen for NASA's Discovery Program. Genesis education materials are developed under contract by Mid-continent Research for Education and Learning (McREL), Aurora, CO.
